# same dough more bread

Gogeta is a salary sacrifice benefit provider. Our mission is to help make salaries go further with simple, easy to use and innovative salary sacrifice benefits. By paying for things like nursery fees out of their gross salary, hard working parents can get an extra slice of their salary, at no cost to their employer.

## What is Gogeta Nursery?

Gogeta Nursery is a workplace nursery scheme that lets parents pay for nursery bills out of their gross salary, before tax and national insurance contributions. This allows them to make big savings.

Parents in the UK are struggling with some of the highest childcare bills in the world. Gogeta Nursery is a powerful tool that lets employers give tangible financial help to employees, at no cost to the business.

## How much can parents save?

Parents can save between 19%-40% on nursery bills, depending on their tax band.

Unlike with the Government's Tax Free Childcare scheme, which caps savings at £2000 per year, with Gogeta Nursery these savings are uncapped, so savings over a year are usually much greater.

Parents pay a small platform fee to use Gogeta Nursery, this is paid out of gross salary so all savings are inclusive of this fee and the true savings parents will enjoy.

**Parent's nursery bill**

**£1200** /month

**Their effective tax-free nursery costs with Gogeta**

**£844** / month

**Total savings per month**

**£356**

**Total savings per year**

**£4268**

## A cost neutral benefit for employers

We don't charge employers anything to set up or administer Gogeta Nursery. And there is no minimum number of employees. To comply with HMRC guidance for the workplace nursery scheme, employers must make a financial contribution of £1200 a year (charged monthly) to the nursery of participating parents. However, this cost is more than covered by the NICs savings employers make.
