Andersen EV

Bespoke EV Charging

Andersen home chargers are bespoke and crafted here in the UK. We understand the importance of aesthetics within your home. This is why we have well over 200 colour and finish combinations to complement your home and style. Discover bespoke and convenient home electric vehicle charging.

ANDERSEN

Metal Finishes

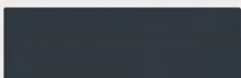

From contemporary homes to classic cottages, Andersen has carefully hand-selected 13 metal finishes to perfectly complement and suit the aesthetic of your home. All metal fascias are included as standard with our chargers which are made to order and hand-crafted in the UK.

Midnight Black

Burgundy Brick

Cheltenham Graphite

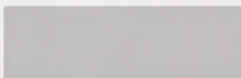

Kensington Blue

Windsor Grey

Devonport Navy

Pebble Grey

Balmoral Blue

Alpine White

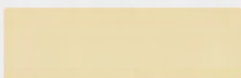

Highland Green

Cornish Cream

Racing Green

Hampton Stone

We have made every effort to make the colours within this swatch as accurate as possible. Unfortunately, we cannot guarantee an exact colour match of this colour swatch to the colours of the actual products. If you are unsure of a colour, we recommend that you purchase colour samples online on the Andersen website.

Wooden Finishes

Our wooden fascias are produced to withstand all conditions. Accoya's ultra-durable and stable properties mean that the wood is extremely high-performance and has been tested to environmental standard. This is why we chose Accoya for our fascias.

Charcoal

Cotswold Oak

Sorong Teak
