

The Net Vet

Putting a vet

in your **Pocket**

Veterinary care at the touch of a button

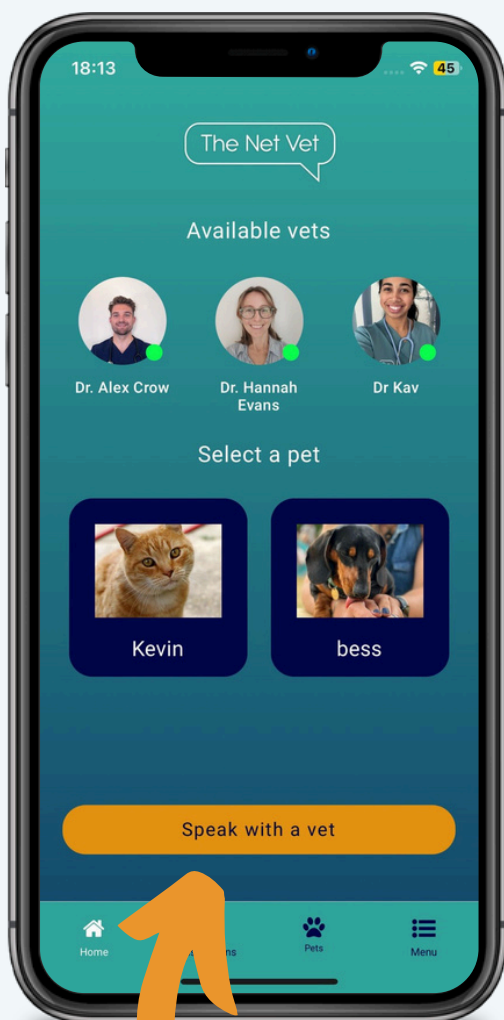

What is

The Net Vet?

In today's fast-paced world, managing your pet's health should be **straightforward**, **affordable** and **stress-free**. That is now possible with The Net Vet—your direct line to licensed veterinary professionals through your smartphone or tablet.

The Net Vet is an app that connects you directly to qualified vets via instant messaging and live video consultations.

The Net Vet is a cutting-edge telemedicine platform designed specifically for pet care, providing a seamless connection between pet owners and experienced veterinarians via text and video consultations. With our app, professional veterinary advice is just a tap away, enabling you to care for your beloved pet from the comfort of your home or while on the go.

Why Telemedicine?

Just as telehealth has transformed human healthcare, telemedicine is revolutionising pet care by making it more accessible and less disruptive. It allows you to:

- Consult with certified vets at your convenience.
- Address health concerns immediately without the wait.
- Manage your pet's health without the stress of travel.
- Receive advice and peace of mind anytime, anywhere.

CHLOE

"Amazing, caring people! Saved unnecessary vet visits!!"

The net vet are always soo amazing with my dog Bella! they have saved lots of unneeded vet visits!

MATT

"Personable, caring approach to pet care"

Couldn't recommend this enough, an absolute must for a pet owner, at a fraction of the price before wasting money on vet consultation costs!

ANTHONY

"Great Service!"

We joined the Net Vet service just two days ago and already the service has paid for itself. I think this is an amazing service which I consider a 'no brainer'.

GILL

"Most useful app on my phone"

At the weekend I had reason to contact them for a second opinion - I registered and spoke to Alex within minutes and got the advice I was needing.
