

Juniper Essential Benefit Brochure

February 2025

Why reproductive care matters

At Juniper, we believe reproductive health is a fundamental right. Our mission is to provide inclusive, high-quality care to all, regardless of age, gender, or sexuality. We understand the personal nature of reproductive health and we are here to support you at every stage.

We believe work should support life, not the other way around; so we work with your employers to support your reproductive health journeys, and create more inclusive, happier, healthier places to work.

33% of women will experience reproductive health challenges during their lifetime

Male sperm concentration has declined by over **50%** between 1973 and 2018

17% of heterosexual couples seek family-forming treatments

16% of all sexual health consultations in 2023 were for gay or bisexual men

Juniper Membership

What are Juniper Berries?

Juniper Berries are our unique credit system that allows you to book consultations, diagnostics, or treatments for your reproductive health. With no out-of-pocket payments required, Juniper Berries make it simple and stress-free to access care.
